

## Make Smart Decisions...

- Today, TCS will officially set afire the ceremonial starter's pistol of Q4 earnings season post market hours.
- Infosys on April 13th and HDFC Bank will post on April 15th.
- The biggest economic catalyst right now is the US consumer price index, which comes out on Wednesday at 6PM IST.
- Economists expect March's CPI to increase 5.2% year over year, down from February's 6% gain.
- Markets definitely want the number to keep dropping, which would indicate that the Fed could soon pause its interest-rate hikes, which are meant to tamp down inflation by reducing economic demand.
- But the decline in inflation needs to be more than minor for markets to anticipate a rate-hiking pause.
- Stocks in ban: DELTA CORPORATION
