Market Outlook

Indian markets indicates for a possible flat positive opening today ahead of Asia trading green and RBI statusquo approach on rates as against a widely-anticipated 25 basis points (bps) rate cut. Overall we expect the broader market to extend consolidation and advise traders to continue with a stock-specific trading approach. Technically the key support level for today Nifty is placed at 11,984, followed by 11,950. If the index moves up, key resistance levels to watch out for are 12,066 and 12,115.
