Weekly Technical Pick - 21/07/2025

Mehta Equities Ltd. - Technical Desk

BUY BLUE JET HEALTHCARE

CMP : ₹ 1010.20 | Target : ₹ 1250.00 | Stoploss : ₹ 850.00

Bluejet Healthcare has given a strong breakout above a rising triangle consolidation pattern, backed by a sharp increase in trading volumes. This breakout confirms renewed bullish momentum and signals strong buying interest from market participants. The stock is trading above all major moving averages—5 EMA, 9 EMA, 21 EMA, and 50 SMA—showing clear trend alignment across timeframes.

The earlier resistance near ₹995–₹1,000 now acts as immediate support, reinforcing the positive outlook as long as this level holds. RSI stands at 62, reflecting ongoing strength without entering the overbought territory. The technical setup projects further upside, with a potential move towards ₹1,250 in the short term. Traders may look to enter on dips around ₹1,005–₹1,010, keeping a stop-loss at ₹850 to manage risk. The trend remains bullish, offering a favorable risk-reward opportunity for positional trades.
