Theme:

Oswal Pumps Limited started in the year 2003 and has quickly become one of the fastest growing company given a 'star export house' status in the field of solar pumps, submersible pumps, monoblock pumps, pressure pumps, sewage pumps, electric motors, submersible winding wires & cables, and electric panels. The company has a unique integrated plant with a world-class manufacturing facility covering an area of 41,076 sq. meters and is backed by seasoned engineers and technicians.

The company is an ISO 9001:2015 certified company, and its products are ISI marked and BEE marked. Oswal Pumps Limited is one of the leading manufacturers of energy-efficient stainless steel pumps in India, and its products are 5-star rated from BEE (Bureau of Energy Efficiency).

Oswal Pumps has received prestigious awards such as the National Udyog Rattan Award and Bhartiya Udyog Rattan Award for its individual achievement in national development. One of the first companies to receive these awards for submersible pump sets.

Oswal Pumps Limited offers more than 1000 varieties of products to the market through a wide distributor network all over India, ensuring that there is a sales and service outlet for every Oswal pump in use. The company exported its products to 17 countries, including Australia, Bangladesh, Cyprus, and Dubai, between April 1, 2021, and March 31, 2024.

The company has its own in-house plant for various products such as electrical stamping unit, winding wire plant, packaging unit, enamel wire plant, cable manufacturing unit, cl casting plant, automatic winding unit, SS pipe plant, investment casting plant, aluminium die-casting plant, injection plastic moulding plant, and thrust bearing plant.

The company's products are available through a wide distributor network of over 2000 Dealers all over India, ensuring that customers can access sales and service outlets for a wide range of agricultural, industrial, and domestic needs.
